

2 Internships at the Project CO–Lab Editions at SAVVY Contemporary

SAVVY Contemporary is an art and project space which aims at critically reflecting on and fostering the discourse between "Western art" and "Non-Western art". With art exhibitions and other performance channels like Performance art, Dance and Music, it is intended to ignite an interest as well as effectuate inclusion and interaction with the recipients. www.savvy-contemporary.com

CO-LAB EDITIONS - Performance art Program

Co-Lab Editions program is dedicated to an exchange between artists that use Performance art as one of their primary working media. Artists working inside Live Performance, Video performance and Installation Performance will be invited to participate in this project. It will be important to mix these artists, attempting to create possibilities of formal and theory engagements within the SAVVY Contemporary concept and space, curated by Márcio Carvalho. <http://co-labeditions.blogspot.com/>
