SAVVY KWATA IN LIMBE

In 2023, SAVVY opened a satellite location in Limbe, Cameroon.

SAVVY Kwata is a library, community space, and a place for the preservation and transmission of local knowledge.

SAVVY Kwata aims to preserve traditional practices around arts and crafts, culture, education and more broadly the cultural heritage of Cameroon and the African world at large.

SAVVY Kwata programs are primarily developed for local children, young adults, and students.

SAVVY Kwata's research explores social, educational, environmental, economic, and cultural themes through workshops, performances & exhibitions.

With your support this practice can build a living, community-led garden space.

KWATA GARDEN

From 2027 on, a new garden will invite the surrounding community in Limbe, Cameroon

- 🌱 to think about how we can reconnect to soil and each other
- 🌱 to relearn and reclaim indigenous forms of cultivation and preservation
- 🌱 to create self-sufficiency and exchange on sustainability.

KWATA GARDEN

Our goals:

- 🌱 Secure 2 hectares of arable land
- 🌱 Equip the garden with tools, seeds, water and electrical systems
- 🌱 Create a self-sustaining space for food, learning, and community growth
- 🌱 Basic accommodation for gardeners in residency
- 🌱 Positions for caretaking and training

KWATA GARDEN

will host :

- 🌱 Community-grown food systems
- 🌱 Educational workshops & knowledge sharing
- 🌱 A platform to reconnect with ancestral practices
- 🌱 A living space that connects local and global communities

HELP US REALIZE THE KWATA GARDEN

- 🌱 50 EUR provide seeds & plants
- 🌱 100 EUR support tools
